## MONTEZUMA HOTEL

COMING TO THE FRONT

The Montezuma hotel is coming to the front and is rapidly building up a splendid patronage. Yesterday forty new and handsome iron beds, best steel springs and high-grade mattresses arrived and were immediately placed in the rooms to take the place of old iron and wood beds. All rooms are being carefully worked over and when the many improvements being made in the house are finished it will be strictly first-class and one of the most conveniently arranged hotels in the state. There were 35 arrivals at the hotel yesterday and with those already in the house, a number had to be turned away. Messrs. Guy Toph and John Dewey, whose physiques are not modeled alike, are making a fine team and like Jack Spratt and his immortal better half, pull together bullly and are going to make the Montezuma known favorably throughout the land.

## DR. BONEY RECOGNIZED

In the June issue of the Optical Review, the official organ of America for the optometrists and opticians, there is a two-page article complimentary to Dr. D. M. Boney of this city, giving a history of the organization in Florida, the work of Dr. Boney at Tallahassee, the full bill as passed by the legislature and a good picture of the doctor. The article was a pleasant surprise to Dr. Boney as he did not know it was to appear.

Mr. Waldo W. Martin was brought down from Jacksonville last night by his nephews, Messrs. John M. Martin, Jr., and A. O. Martin, of this city, in a most unfortunate condition. Mr. Martin went to Jacksonville several days ago and while there became afflicted with what is most earnestly hoped, only a temporary aberration of the mind. He will be taken to specialists at one of the Atlanta sanitariums for treatment and his speedy and absolute recovery is most anxiously awaited. Mr. Martin's condition is probably due to overwork. He has worked himself unsparingly on his big farm near Martin for the last few months.

Mr. H. C. Sealey, who with his wife and daughter, Mrs. Fagan, of Alachua, are visiting their daughter Mrs. A. C. Cobb, on South Third street, is exhibiting at the Tompkins & Cobb Co. stables a patent wagon wheel hub and spoke attachment which looks like it might revolutionize the wagon and buggy wheel industry. The attachments were invented by Mr. Altman, of Vauclava. By the simple turning of a nut with a wrench the spokes may be tightened or loosened sufficiently to be removed entirely and a new one inserted or a piece of rim inserted. The additional advantage is obtained that the rims do not have to be bored through and almost cut off to insert the spokes. Mr. Sealey is going to try to interest local capitalists in the manufacture of the patent wheels in Ocala.

A big rain and wind storm took place at and north of Juliette last night about 9 o'clock. It blew down trees and tore off limbs, one of them falling across the A. C. L. track about a mile north of Juliette station and a freight train bound south encountered same, and the engine and one box car were thrown from the track. No other damage was done and no one hurt.
